Motivated and accomplished Software Engineer with 2 years of hands-on experience in software development, actively seeking an internship. Currently enrolled in 'Information Technology Solutions' postgraduate program at Humber College, I am enthusiastic about harnessing advanced technologies to address practical challenges.

## PROFESSIONAL EXPERIENCE

---

**Coforge**, India • 2021 – 2023

### Software Engineer

- Developed responsive and user-friendly web interfaces contributing to the successful execution of Lifewrite project for a prominent US-based insurance company.
- Collaborated with cross-functional teams to develop and maintain modern, responsive web applications.
- Collaborated with UI/UX designers to transform wireframe design into functional and pleasing frontend elements, adhering to brand guidelines and accessibility standards.
- Used various tools & technologies such as HTML, CSS, Angular, Typescript, Postman, Angular Material.
- Implemented and maintained features in accordance with design specifications, ensuring seamless integration with backend services and third-party APIs.
- Actively participated in agile ceremonies, including sprint planning, daily stand-ups, sprint reviews, and retrospectives, fostering a collaborative and adaptive work environment.
